80.48%

INTERNSHIP

Nex-G Automation LLP | Hubli   Feb,2024–Now

Role:Web Developer Intern

- Gaining hands-on experience in web development by working on real-time projects, handling both front-end and back-end technologies, and optimizing web applications for better performance.
- Collaborating with the team to implement best coding practices, debug issues, and develop efficient deployment strategies.

AMBA Software | Gandhinagar,Dharwad   Aug,2023–Sept,2024

Role:Java FullStack Intern

- During my Full Stack Java Developer internship, I gained hands-on experience in developing web applications using Java
- I worked with a team to connect the backend to the front end, used MySQL for managing data, and collaborated using Git for version control

---

PROJECT - 1

Smart City Android Application

Developed a Smart City Android Application featuring four key modules: Garbage Management, Road Maintenance, Electric Utilities, and Water Supply. Each module was designed to enhance city management and citizen engagement by providing real-time reporting and tracking of issues. Implemented user-friendly interfaces and integrated backend services to facilitate communication between citizens and city authorities. Utilized Android Studio for development, Firebase for real-time data management, and RESTful APIs for backend

PROJECT – 2	**E-Bus Pass**
	This is a real time project which is useful for students/employees/senior-citizens who Are facing problems with the current manual work of bus pass Registration anrenewal. It also increases the validity period, frequently Warns to the student before completion of his validity period by sending sms or mails. His / Her Renewal or Registration can be done using a voucher or even by a credit card.

TECHNICAL & CAREERSKILL

- Core Java
- Python
- HTML
- CSS
- Java Script
- MySQL
- Collections
- Multithreading
- Exception Handling

- React
- Code Review
- Application Testing
- Restful APIs
- User Interface Design
- Problem Solving
- Research and Analysis
- Teamwork & Collaboration
- Keen and Quick Learner
- Mobile App Development

CERTIFICATION

- Java Full Stack course completed at TAP ACADEMY BTM Layout,Bangalore
- Bootcamp on hotstar clone using HTML,CSS and JS By AWS
- Front End Design by DevTown

HACKTHON

1. Attended a 24 hours long Hackathon event held at SKSVMA college of engineering   and technology
2. Participated in a 24 hours long Hackathon event held at Basaveshwar engineering college,bagalkot.
